Welcome

Michel Gerren
Director
Eagle Rock Film Festival

Welcome to the 1st edition of the Eagle Rock Film Festival, an opportunity to celebrate all that is great about the world of student cinema. Film as an art form is constantly in flux – culturally, financially and technically – but never ceases to make an impact. Great journeys have modest beginnings. Before they came to be revered by a legion of fans and inspired future filmmakers many great directors were students learning filmmaking and trying to get a grasp of the medium. These films make for an interesting watch, since they provide a peek into traits that would later define the oeuvre of many of these filmmakers. Besides serving as a showcase for their capabilities, these films also helped many of these directors to clinch feature film projects and marked the start of a memorable journey. The best short films have a few key things in common: concise storytelling, great performances, an original concept, and stunning visuals. Right now, we present to you our list of the best short films submitted to the 2022 Eagle Rock Film Festival.

Thank You Mylene Keipp

You supported us since day one. Nothing just happens. Thank you so much for all your hard work on behalf of our community's young people. You helped us open a new world to our film festival youth. You helped provide our young people with experiences beyond anything they ever hoped for and imagined. I express appreciation on behalf of all you have touched as the past principle of Eagle Rock High School.
