Comment on environmental cleanup in your area

- **This cleanup would remove lead, arsenic, tetrachloroethene and other chemicals from the Site.**

The Department of Toxic Substances Control (DTSC) wants to know what you think about the proposed cleanup at Taylor Yard G1 Parcel also known as The Bowtie Parcel (Site). The Site is located at 2780 W. Casitas Avenue, Los Angeles, CA 90039. The Site consists of 15 acres of undeveloped land and is owned by California Department of Parks and Recreation (State Parks). The Site was previously used as a railroad maintenance yard from the early 1900s to 2000s. The proposed cleanup, known as a Removal Action Workplan (RAW), includes targeted soil removal, installation of a vapor intrusion mitigation system, and institutional controls that would prevent the Site from being used for sensitive purposes such as homes, schools, and hospitals.

Comment on the RAW: Send us your comments between **November 2, 2026, and December 16, 2026.**

Mail: Tajinder Gill, Project Manager DTSC Chatsworth Office 9211 Oakdale Avenue Chatsworth, CA 91311	**Email** Tajinder Gill, Project Manager **Tajinder.Gill@dtsc.ca.gov**
Comment at a public meeting A Zoom meeting will be held on ***November 19, 2026,*** from 5:00 PM to 7:00 PM at **https://bit.ly/BowtieRAW** or call in at 669-900- 6833 Webinar ID: 841 1238 7305 Passcode: 111111	

We review and respond to all public comments before we approve or deny the workplan. We may edit the RAW based on your comments. All information you submit will be accessible to the public.

About us: DTSC's mission is to protect California's people, communities, and environment from toxic substances, to enhance economic vitality by restoring contaminated land, and to compel manufacturers to make safer consumer products.

California Environmental Quality Act (CEQA): CEQA requires public agencies to evaluate and disclose environmental effects of a proposed project. To comply with CEQA, an Addendum has been prepared for the Initial Study and Mitigated Negative Declaration for the Bowtie Park Development Project, which was previously adopted by the California Department of Parks and Recreation (the CEQA lead agency). DTSC will file a Notice of Determination (NOD) with the Office of Land Use and Climate Innovation's CEQA State Clearinghouse after the workplan is finalized.
